

Our Children Can't Wait Any Longer!

They need great schools NOW.

California State PTA supports the *Our Children, Our Future Act*, which will provide funding dedicated exclusively to public schools. It will help restore:

- Science, technology, engineering and math (STEM) classes
- Visual and performing arts programs
- Physical education
- Smaller class sizes
- Counselors, libraries and librarians

Join the Fourth District PTA Advocacy Team and GroundWorks Campaign to learn how you can be part of the statewide drive to transform our schools.
